Detailed Description of Use:
<p>Kahoot is a website that can be used to create classroom challenges which are fun and engaging for students. Teachers can create quizzes and deliver the quiz in an engaging competitive presentation format. These challenges can be completed in small groups or whole groups.</p> <p>Players answer the questions on their own devices, while games are displayed on a shared screen to unite the lesson. Besides creating your own kahoots, you can search among millions of existing games. With the challenge feature and our mobile app, you can assign kahoots as homework. Students play kahoots on their phones for revision and reinforcement, training their classroom superpowers anytime. In homework challenges, questions and answers will appear on their phone screens. Choose a kahoot, assign it as a challenge and share the link or PIN with your students.</p>
