

Clips App

[Clips App on Apple.com](#)

Brief Description
Students can use the Clips App in order to record short snippets of video in order to put together a longer film as a "how to" or a story.

Content Area(s)	Learning Audience	Instructional Focus	Resource Type
<ul style="list-style-type: none"> • English Language Arts • Math • Science • Social Studies • Music • Visual Arts 	<ul style="list-style-type: none"> • 3-5 • 6-8 • 9-12 • AIG 	<ul style="list-style-type: none"> • Assessment • Differentiation • Student Engagement 	iPad App

Detailed Description of Use:
Students can use the app, Clips, in order to create a short video that can either inform other viewers of what was learned, or it can become part of a larger product that students can create. Clips is a tool that can be used as part of a 5-4-3-2-1 Strategy with each number standing for a particular aspect for students. For example, they must create a story with 5 clips, 4 people within each group, 3 props, under 2 minutes in length, and with 1 theme.
